

## 2014 TPMS Relearn Chart

## **TPMS Procedures and Specifications**

Part Number: WRTTIA14

Forget the competitor's TPMS relearn information. The TIA Tire Pressure Monitoring System (TPMS) Relearn Chart serves as a valuable, comprehensive, and quick reference guide that technicians can easily navigate through to service any vehicle. Foreign AND Domestic – equipped with TPMS. It will save you time and money the first time you use it. The TIA Tire Pressure Monitoring System (TPMS) Relearn Chart is divided into two sections: domestic and import vehicles. In each section, vehicles are listed by make, model, and year.

## The TIA TPMS Relarn Chart includes:

- The type of TPMS, whether direct or indirect.
- Three columns of data that indicate when a system relearn is necessary, i.e. after a change in air pressure, tire rotation or tire/sensor replacement.
- A relearn summary, which includes a reference number that corresponds to the vehicle's procedure for initiating sensor relearn mode. The vehicle relearns are located in the back of the corresponding section, either domestic or import.
- The sensor manufacturer.

- A picture reference guide to many of the various programmable and multi-format replacement sensors on the market.
- OEM sensor part number, Schrader replacement sensor part and service pack numbers, Dill replacement sensor part, kit and band numbers, Myers Tire Supply replacement sensor part, kit and band numbers, 31 Inc. Xtra-Seal replacement sensor part, kit and band numbers, NAPA replacement sensor part and service pack numbers, and Orange Electronics sensor numbers.
- The torque specifications for the sensor nut, torx bolt, worm gear and lug nuts are listed.
